

CRIMINAL CASE: HER 0324/2019
MATTER: IMPOSSIBLE CRIMINAL STATUTES DEMAND IMMEDIATE
DISMISSAL OF THE CASE.

Hermosillo, Sonora. On the second day of September, two thousand twenty-one.

Criminal Oral Court District One
Judicial Branch of the State of Sonora
Hermosillo, Sonora

Present,

I, the undersigned Mark Edward Williamson, in my capacity as defendant in this Criminal Case, having duly accredited my personality in the records of the above-mentioned file. I have indicated as domicile to hear and receive all types of notifications the one located at SOLARSNAP Street, 12-C Blvd. de los Seris, in this city, and indicating for the same purposes the e-mail account legal@solarsnap.com.

As to the scheduled trial, a mistrial is hereby requested against the remaining defendant. In view of the removal of Lilia Martinez Arvizu as a defendant, this case no longer complies with the penal code cited. Section 308 with the enhancement provision of Section II requires that the offense be committed by two or more individuals or during the night.

The crime allegedly occurred between 9:00 a.m. and 10:00 a.m., so it could not have been committed at night. The linked criminal statute of Article 308, Section II is impossible, since there are no longer two defendants in the case.

This case was never properly investigated despite numerous attempts to force the state authorities to do their job and investigate. This case should never have been brought against these two innocent people who were, in fact, victims of those who concocted this false accusation.

YOU MUST IMMEDIATELY DISMISS THIS CASE, or order the public minister to refile his case under the appropriate criminal statutes. This case does not meet the requirements of Article 308, Section II.

I object as necessary,

Mark Edward Williamson
